Was a very bad centre for my grandma. Staff didn't clean properly, cups were left in same area for days, food was horrible. She passed away after only a few months being there.

My mum was forced to take the first available home available...we had no choice. In the 5 weeks she spent in hospital prior to the home she gained weight and was walking with aid. she was left in a wheelchair and forgotten in the home...i visited every day and witnessed her frailty grow and complained to deaf ears

This facility is disgraceful. Staff are lazy and have no empathy or understanding and certainly no time management skills. Made the terrible mistake of placing my mother here and we lost her after 3 months. Mum spent 6 weeks of that time in acute care as Mum developed a pressure area and subsequently a major infection due to the lack of care she received. Quite simply Mum was neglected. My family took our concerns to the management several times and we were ignored.

Riverview gardens is a very old centre, well maintained, Most of the carers and staff working there are non- australian and are hard to understand , (Not all) I have trouble understanding them and I wonder how the older residents go. It would be nice to have a Australian sometimes to talk to about our family member.
