The staff at St Paul's Aged Care, Northbridge, from the manager to the cleaner, are caring and helpful. All staff members know each resident's name and habits which helps them assist each resident feel at home and that they matter. The food is sometimes less than appealing but budget constraints would impact on this as well as the physical requirements of each resident, e.g. some have dysphagia, some have personal likes and dislikes (as do we all). There does seem to be a heavy emphasis upon simple carbohydrates though considering many residents are diabetics. Overall, the facility is clean, well-run, staffed by people who genuinely care.

Every member of staff, whether they be admin, Carer or nurse, is caring, kind and compassionate. Could not ask for more. Being a small facility (about 42 residents), all the staff know each and every resident.

The staff are very pleasant, helpful and kind. A registered nurse is on at all times. The activities' organiser is also kind, patient and thoughtful. The downsides are that the food is generally awful - poorly presented, poorly prepared and not offering a completely nutritious diet. Also the gardens are only reasonable and not easily accessed by the residents.
